Terms and Conditions

The following agreement is between Jane Stamp, hereafter referred to as "BREEDER" and _____, hereafter referred to as "BUYER" for the sale and purchase of the puppy described and listed above.

BUYER agrees that he/she has read and understands this contract fully and is signing this contract on his/her own will. Should SELLER find it necessary to enforce any or all of this contract in a court of law or other legal venue, BUYER agrees to be responsible for any and all court costs and attorney's fee.

Covenant not to Disparage

Buyer understands that the eventual personality and/or behavioral traits of the dog purchased under this Agreement cannot be guaranteed. As such, and knowing that any disparaging remarks against JM Kennels, its owners, operators, or employees will result in irreparable harm to JM Kennels and its business, Buyer agrees to refrain from making any disparaging remarks or comments, whether publicly or privately made, concerning JM Kennels, its owners, operators, or employees, or the dogs bred at, or purchased from, JM Kennels. Buyer agrees to pay liquidated damages of Five Thousand Dollars (\$5,000.00) for each and every single disparaging remark made.

MAINTENANCE

BUYER agrees that he/she will not sell, transfer ownership or possession of the puppy or any of his/her progeny to any person or organization whose intent it is to resell (pet store), trade, give away the dog, use it in experiments, laboratory or otherwise, or use it as breeding stock for a puppy mill. If, for any reason BUYER is unable or unwilling to keep and care for the dog, BUYER agrees to return the dog to the possession of the SELLER and assumes the cost of shipping if necessary. If the SELLER agrees, the puppy may be given to an appropriate home; however the SELLER will have first chance to obtain the dog.

BUYER agrees SELLER will immediately REPOSESS DOG UPON EVIDENCE OF NEGLECT AND/OR ABUSE AT NO EXPENSE TO THE SELLER.

If BUYER or BUYER's successor or assigns should violate the foregoing terms and conditions, BUYER agrees to pay SELLER as liquidated damages an amount equal to the original Purchase Price as well as any transportation costs to return the dog to the SELLER

72 HOUR HEALTH EXAM

The BUYER has 72 hours to have the dog examined by a licensed veterinarian at BUYER's expense. Proof of exam is to be sent to the SELLER within 7 days of exam or the health agreement is null and void. If any LIFE THREATENING health defects are detected, a written statement, which includes Dr.'s name, address and phone must accompany the return of the puppy. The return of the puppy and AKC papers will be at BUYERS expense. Then and only then will a puppy be exchanged for a puppy of equal value within a timely manner, or when a puppy of equal value is available. If BUYER is unwilling to release the puppy and AKC papers into SELLERS possession, **NO REFUND OR REPLACEMENT PUPPY** will be offered, nor will SELLER be a part of the recovery process. Any claims must be made within this time period and will be verified by SELLER's own veterinarian. Exclusions to this 72 hour health guarantee are Worms, Giardia, Coccidia or any curable non genetic conditions. SELLER will not be responsible for any vet costs and will ask BUYER to return the puppy promptly. At that time, it will be discussed as to whether a replacement puppy will be honored by SELLER or if said puppy recovers to the satisfaction of the BUYER.

TERMS AND CONDITIONS DEFINED

ONE YEAR HEALTH GUARANTEE

This puppy is guaranteed to the original BUYER for (1) ONE year. SELLER states that at the time of sale and to the best of SELLERS knowledge, this puppy is free of any congenital birth defects and illness. This health warranty **DOES NOT** include kennel cough which much like a common cold. Kennel cough must run its course, recovery is expected and kennel cough is not life threatening. BUYER is aware that dogs are prone to heat stroke and will be responsible to provide an environment that is healthy for their puppy. BUYER has also researched, is knowledgeable of the following conditions and BUYER is aware they are **NOT COVERED** in the congenital hereditary health warranty: *Demodectic Mange, *Cherry eye, *Entropies, *Ectropion or "loose hips", * Luxating patella or "slipped stifles", and any teeth issues such as *(over bite-under bite-baby teeth not removing naturally and the like). *Skin allergies, *Giardia, *Coccidian, *Internal parasites, *Bacterial or Viral infections, *Elongated soft palette, *Umbilical hernia and *Nasal snares. Undescended testicles are not covered, Nor is inability to breed/sterility. Deafness and Blindness is occasionally seen in this breed. While these are not pleasant, they **ARE NOT** considered life threatening and are not covered in this health agreement. SELLER INITIAL _____ date _____ BUYER INITIALS _____ date _____

Under NO CIRCUMSTANCES will SELLER be responsible for any veterinarian bills acquired by the BUYER for this puppy. Minor, breed related, treatable or correctable conditions, or any condition that may go away or is considered a condition which a puppy will likely outgrow, are not covered. SELLER INITIALS _____ date _____ BUYER INITIALS _____ date _____

SELLER, ON CONFIRMATION OF A LIFE THREATENING Genetic Condition, found within 48 hours (2 working days of purchase), SELLER will replace the said puppy within a reasonable amount of time, not to extend ONE Calander Year from date of purchase. Furthermore, extending the 48 hour guarantee to 6 months, certain health issues as follows: limited to Leukemia, Heart Malformation, and Pulmonary Stenosis. If one of these arises within the first SIX MONTHS of purchase, and a licensed veterinarian believes this to be life threatening genetic related, then buyer is to notify seller within **48 hours** with:

1. A written explanation from a licensed veterinarian and backed up with lab work or x-rays the nature of the problem.
2. The SELLER will obtain A SECOND opinion from a Veterinarian whom SELLER will choose to examine the puppy for signs of abuse or for the reported life threatening congenital defect.

If buyer chooses to not take a replacement puppy at their own discretion due to any of the above, NO MONEY REFUNDS UNDER ANY CONDITIONS! SELLER INITIALS _____ date _____ BUYER INITIALS _____ date _____

Rabies Prevention

What is Rabies?

Rabies is a deadly disease caused by a virus that attacks the nervous system. The virus is secreted in saliva and is usually transmitted to people and animals by a bite from an infected animal. Less commonly, rabies can be transmitted when saliva from a rabid animal comes into contact with an open cut on the skin, or the eyes, nose, or mouth of a person or animal. Once the outward signs of the disease appear, rabies is nearly always fatal.

Why should I be concerned?

Rabies is increasing in wildlife throughout Colorado, placing both humans and animals at risk for this deadly disease. Skunks and bats are the most significant sources of rabies in Colorado. Skunks, bats, raccoons, foxes and coyotes can carry rabies. In Colorado, other wild animals, dogs, cats, horses and livestock can become infected if they are bitten by a rabid animal. Contact with infected wild or domestic animals places you and your family at risk for rabies infection.

What are the signs of rabies in animals?

Once the rabies virus enters the body, it travels along the nerves to the brain. Dogs, cats, and ferrets with rabies may show a variety of signs, including fearfulness, aggression, excessive drooling, difficulty swallowing, staggering, and seizures. Rabid wild animals may only display unusual behavior; for example, an animal that is usually only seen at night may be wandering in the daytime.

What can I do to help control Rabies?

- * Have your veterinarian vaccine your dogs, cats and ferrets. Your veterinarian will advise you on the recommendation frequency of vaccination in your area.
- * Reduce the possibility of exposure to rabies by not letting your pets roam free. Keep cats and ferrets indoors, and supervise dogs when they are outside.
- * Don't leave exposed garbage or pet food outside, as it may attract wild or stray animals.
- * Wild animals should never be kept as pets. Not only may this be illegal, but wild animals pose a potential rabies threat to caretakers and to others.
- * Observe all wild animals from a distance. A rabid wild animal may appear tame but don't go near it. Teach children NEVER to handle unfamiliar animals – even if they appear friendly.
- * If you see a wild animal acting strangely, report it to the city or county animal control department.

Don't Procrastinate!

www.worldrabiesday.org
www.colorado.gov/cdphe/rabies

In addition to vaccinating your pets, horses and livestock, follow these precautions to prevent exposure to rabies:

- * Protect your home from wildlife. Close holes around the foundation of your house; cover window sills; screen chimneys and vents; and seal cracks and holes larger than 1/4 inch in diameter. Remove debris on your property that could provide nesting areas for wildlife.
- * Maintain control of your pets. Keep your cat indoors or attach a bell to its collar to discourage it from hunting.
- * Keep your dog under direct supervision. Do not allow your dog to run off-leash in parks or wilderness areas.
- * Spay or neuter your pets. This will reduce the number of unwanted or stray animals in your community.
